

Stabilis MOTO 4T 20W50

Description	<p>This multigrade engine oil is formulated from a special selection of high quality solvent refined and hydrotreated base stocks and high performance advanced additive package produced by the most modern technology. The formulation ensures excellent piston and ring deposit control at high temperature and high speed operating conditions and the anti-wear agents present in the additive system minimize engine wear at different engine speeds and loads. It is designed for use in modern four-stroke gasoline engines of motorcycles, both air and water cooled, demanding API SL and JASO MA/MA-2 performance level lubricants. It has the following benefits:</p> <ul style="list-style-type: none"> - High oxidation stability, - Finely balanced detergent/dispersant properties ensuring clean and flawless engine operation at elevated operating temperatures, - Dependable corrosion protection, - Lower fuel consumption and reduced hazardous particulate matter in the exhaust gasses 	
Application	<p>This multigrade engine oil is formulated for use in modern four-stroke gasoline engines of motorcycles, both air and water cooled, demanding API SL and JASO MA/MA-2 performance level lubricants.</p>	
Performance Level	<p>API SL, JASO MA/MA-2</p>
